FOR PRESIDENT,
JAMES A. GARFIELD,
OF OHIO.

FOR VICE PRESIDENT,
CHESTER A. ARTHUR,
OF NEW YORK.

AMENDMENTS TO THE CONSTITUTION OF NEVADA.

The following article has been published by the Carson Appeal at the request of Governor Kinkead, who is anxious that the press of the State give it as much publicity as possible:

"It may be generally understood that at the coming election the people of this State will be called upon to vote for or against the adoption of two amendments to the State constitution and a new article (Eighteen). The first amendment was passed by the Legislature January 15, 1877, and provides that Section I of Article II, of the State constitution shall be amended by the elimination therefrom of the word 'white' and the effect of such elimination shall be, 'that no male citizen shall be excluded from the rights of suffrage and office-holding by reason of his race, color or previous condition of servitude, provided that this amendment shall not be construed as conferring the rights of naturalization, suffrage and office-holding upon any native of the Chinese Empire.' Statuted of 1877, page 214.

The second amendment was passed by the Legislature February 27, 1877, and provides for amending Article XI by adding a new section (Ten), which shall read as follows: 'No public funds of any kind or character whatever, State, county, or municipal, shall be used for sectarian purposes.' Statutes of 1877, page 221. The new Article (Eighteen), provides that, 'The rights of suffrage and office-holding shall not be withheld from any male citizen of the United States by reason of his color or previous condition of servitude.' Statutes of 1877, page 214. These amendments were also passed by the Legislature January 27, 1879. Statutes of 1879, page 149-150, and by Assembly joint resolution No. Eleven passed February 3, 1879, it was provided that at the general election of 1880 these amendments should be submitted to the voters of the State of Nevada, and that the County Commissioners of the several counties of this State shall, in proclamations for the election of the various officers for said year, provide for submitting the amendments herein named to the voters in the several precincts in their respective counties. We are thus explicit in setting this matter before the people for the reason that already in one county of this State (Eureka), an election proclamation has been published by the Board of County Commissioners which makes no allusion to these amendments. It is highly important that the several Boards of County Commissioners in this State comply with the law in this respect, and also in providing for the expression of the popular will on the subject of Chinese immigration, as noted in the Governor's Proclamation."

THE COUNTY TICKET.

The people of Washoe county take about as much interest in the local election as any other. It is of no small importance to residents and taxpayers whether their affairs are in the hands of the very best men to be had or not. So far as politics go, there are a good many men who claim that it makes very little difference whether county officers are of one party or the other.

Suppose that we had all come here a week ago, all strangers, and that every thing was unsettled. We want men to attend to the different things that affect every one in general, and no one in particular. Different parties offer their services, and our only efforts would naturally be to decide which was the best man for each place. Now, the character of the men would be one thing to take into consideration, and an equally, if not more important question, would be what are their associations and connections, and what sort of advisers and backers have they. County, State and National governments are interdependent and interlaced to quite a degree, and any one who is dissatisfied with the record or principles of a party would be foolish to hand a county over to its adherents.

Hon. B. C. Whitman will speak at the theatre this evening. Let every one go to hear him. Democrats need not be afraid to listen to arguments on the other side; if they are not convinced they can remain Democrats.

THE TUNNEL MYSTERY.

Some Facts, Brought to Light by Saturday's Inquest—Evidence Showing that the Deceased Was Probably Robbed, Perhaps Murdered—The Verdict in the Case.

At the Coroner's inquest on Saturday, upon the body of the man found by J. A. Scott in a tunnel near the English Mill, some facts came to light which make it probable that the subject of the inquest had been robbed shortly before his death. It seems probable that his death was by his own hand, but there is considerable mystery in the case. The following is an abstract of all the material evidence submitted, and the verdict given by the jury:

J. A. Scott, sworn—On Sept. 29th, was passing old tunnel mile north of English Mill and saw within dead body of a man, and pistol lying beside it with two chambers discharged; next morning went with undertaker Neale and brought body to town; the man had probably been dead from two to five days; ground where body was found shows no signs of any struggle; judged that it was case of suicide; there were remains of a fire in the tunnel; found handkerchief on the ground close to the body. Witness identified clothing and watch found upon deceased. (Black soft belt; short blue beaver coat, dark woolen shirt, dark woolen trousers; watch, silver hunting case, with words "Silas Hall's watch" scratched on outside.)

Bishop, sworn.—Examined body of deceased; found gunshot wound in right temple above and in front of ear; passing out at opposite side of head; the wound would cause death immediately; left hand was blackened with powder smoke; also right side of face and head; noticed an injury to the forefinger of right hand; uncertain whether old or recent injury; should say body had been dead at least 48 hours.

A. G. Neale, sworn.—Went with J. A. Scott and brought in body of a man from tunnel; it lay in dead house 24 hours and was buried in the Side Hill Cemetery at Reno; found the memorandum book shown on deceased; think his age was about 35.

J. C. Harbin, sworn.—Am saloon keeper in Reno; recognize clothing shown as belonging to a man who went by the name of Allen; knew him about a week; said he was born in State of Virginia, saw the watch shown in possession of deceased; told me he came from Modoc county, Cal., and had been at work for Mr. Arnett; asked me to help him sell a mule and a horse; he took the animals to Wadsworth, and was gone three days; told me he had sold them for \$70; before he went to Wadsworth deceased showed me money to the amount of \$300 in gold and silver coin, also showed a cheque, for an amount I don't recollect; deceased was slightly intoxicated at the time, and at several other times when I saw him; did not see him show much money after his return from Wadsworth; don't know whether he had much after his return from Wadsworth.

George Morgan sworn.—Am house-painter in Reno; knew deceased; told me his name was Allen, that he was born in Virginia and came here from Adin, Modoc county, Cal.; had horse and mule with him; first saw him at Reno Saloon on Centre street; saw him afterward same evening drinking beer; he showed me some money, probably two or three hundred dollars in gold and silver coin, and one or two checks; said he had money enough to take him to Europe; same evening he came again with a woman to same saloon, so drunk he could hardly stand; saw him in same saloon next morning, when he said his money was all right; that or next day deceased went to Wadsworth to sell his animals, was gone two or three days; saw him on his return, told me the animals brought \$70 or \$75; he seemed to have plenty of money still, to be drinking hard, and was usually intoxicated whenever I saw him; he was drunk the night before he disappeared; should say he was about thirty years old.

W. H. Getchell, sworn.—Saw deceased several times, generally intoxicated; took him to be an Irishman, about forty years old; saw him occasionally during several years past; last saw him about three months ago; did not know his name or business.

THE VERDICT
was, in substance, as follows:

We, the jury, etc., find that the deceased had been in and about Reno a week or ten days prior to his death; that he was known by the name of Allen, and a native of the State of Virginia, aged about thirty-five years; that he came to his death on or about Sept. 28, 1880, in Washoe county, Nevada, by a pistol or gun shot through the head; and that whether the same was accidental or intentional or the deliberate work of an assassin, we have no means of knowing.

We Can't Talk
Without showing the condition of our teeth. Every laugh exposes them. In order not to be ashamed of them, let us use that standard dentifrice, SOZODONT, which is sure to keep them white and spotless. No tartar can encrust them, no canker affect the enamel, no species of decay infect the dental bone. If SOZODONT is regularly used. It is a botanical preparation, and its beneficial effects on the teeth and gums are marvelous, as it removes all discolorations, and renders the gums hard and rosy.

Big Contract

Democratic success in Nevada must be contingent upon utter prostration before a "bar," or the Bourbon papers of that State would not make such a damaging confession as is implied in the assertion that they cannot win without a man like Fair.

— The verdict on the dead man found in a tunnel is given in another column. Although not so stated in the evidence, from the fact that the man had been about Reno a good deal there can be little doubt that his clothing was purchased at the White House.

— The Indian nuisance continues unabated. The town is full every night and there is considerable trouble and constant danger from them. Old Mr. McCumber, who lives over the river, has had considerable annoyance from them. He quarreled with one the other day and both got broken heads before they got through with it. He was hit on the head with an iron bar.

An Escaped Murderer Recaptured.

Robert St. Clair who broke jail at Winnemucca last Monday, was recaptured by the Sheriff of Humboldt county on Thursday night. St. Clair escaped by lifting the iron door of the jail off its hinges, giving him egress through the Sheriff's office. He remained secreted in the limits of the town until his reception. The Sheriff kept men on the watch, being satisfied that his man had not left town.

In reference to the report that St. Clair made his escape through collusion with the jailer, the *Silver State* says there is no foundation for the story.

St. Clair was sentenced on Saturday to imprisonment for twenty-five years. He was taken through Reno last night on the way to the State prison.

REPUBLICAN NATIONAL PLATFORM.

Following is the text of the resolutions adopted by the Republican National Convention on Saturday, June 5, 1880:

Republican rule has restored upon a solid basis payment in coin for all the national obligations, and has given us a currency absolutely good and legal, and equal in every part of our extended country. It has lifted the crest of the nation from the point where six per cent bonds sold at 80, to that where four per cent bonds are eagerly sought at a premium. Under its administration railroads have increased from 51,000 miles in 1860 to more than 82,000 miles in 1870. Our foreign trade has increased from \$700,000,000 to \$1,150,000,000 in the same time, and our exports, which were \$20,000,000 less than our imports in 1860, were \$264,000,000 more than our imports in 1870. Without resorting to loans it has, since the war closed, defrayed the ordinary expenses of government, besides the accruing interest on the public debt, and disbursed annually more than \$30,000,000 for soldiers' pensions. It has paid \$200,000,000 of the public debt, and by refunding the balance at lower rates, has reduced the annual interest charge from nearly \$151,000,000 to less than \$80,000,000. All the industries of the country have revived; labor is in demand; wages have increased, and throughout the entire country there is evidence of a coming prosperity greater than we have ever enjoyed. Upon this record the Republican party asks for the continued confidence and support of the people, and this convention submits for their approval the following statements of the principles and purposes which will continue to guide and inspire its efforts:

ENUMERATION OF PRINCIPLES.

First. We affirm that the work of the last twenty-one years has been such as to commend itself to the favor of the nation, and that the fruits of the costly victories which we have achieved through immense difficulties should be preserved. That the peace regained should be cherished. That the dismembered Union, now happily restored, should be perpetuated, and that the liberties secured to this generation should be transmitted undiminished to future generations. That the order established and the credit acquired should never be imperiled. That the pensions promised should be paid. That the debt so much reduced should be extinguished by the full payment of every dollar thereof. That the reviving industries should be further promoted, and that the commerce already so great should be steadily encouraged.

Second. The Constitution of the United States is the supreme law, and not a mere compact. Out of the confederated States it made a sovereign nation. Some powers are denied to the nation, while others are retained by the States; but the boundary between the powers delegated and those reserved is to be determined by national and not by State tribunals.

Third. The work of popular education is one left to the care of the several States, but it is the duty of the national government to aid that work to the extent of its constitutional ability. The intelligence of the nation is but the aggregate of the intelligence in the several States, and the destiny of the nation

must be guided, not by the genius of any one State, but by the average genius of all.

NON-SECTARIAN SCHOOLS.

Fourth. The constitution wisely forbids Congress to make any laws respecting an establishment of religion, but it is idle to hope that the nation can be protected against the influence of sectarianism while each State is exposed to its particular domination. We therefore recommend that the constitution be so amended as to lay some prohibition upon the Legislature of each State, and to forbid the appropriation of public funds to the support of sectarian schools.

Fifth. We reaffirm the belief avowed in 1876, that the duties levied for the purpose of revenue should be so discriminate as to favor American labor. That no further grant of the public domain should be made to any railroad or other corporation. That slavery having perished in the States, its twin barbarity, polygamy, must die in the Territories. That everywhere the protection accorded to a citizen of American birth must be secured to citizens of American adoption. That it is the duty of Congress to develop and improve our water-courses and harbors, but we insist that further subsidies to private persons or corporations must cease. That the obligations to the men who preserved its integrity in the day of battle are undiminished by the lapse of fifteen years since their final victory. Their perpetual honor is and shall forever be the grateful privilege and the sacred duty of the American people.

THE CHINESE PLANE.

Sixth. Since the authority to regulate immigration and intercourse between the United States and foreign nations rests with the Congress of the United States and the treaty-making powers, that the Republican party, regarding the unrestricted immigration of the Chinese a matter of grave concernment and under the exercise of both these powers would limit and restrict that immigration by the enactment of such just, humane and reasonable laws and treaties as will produce that result.

Seventh. That the purity and patriotism which characterized the earlier career of Rutherford B. Hayes in peace and war, and which guided the thought of his immediate predecessor to him for a Presidential candidate, have continued to inspire him in his career as chief executive, and that history will accord to his administration the honors which are due to an efficient, just and courageous fulfillment of the public business, and will honor his interposition between the people and proposed partisan laws.

INQUIRIES OF THE DEMOCRACY.

Eighth. We charge upon the Democratic party the habitual sacrifice of justice and patriotism to a supreme and insatiable lust for office and patronage; that to obtain possession of the national and state governments and of the control of place and position, they have obstructed all the efforts to preserve the purity and conserve the freedom of suffrage; have devised fraudulent certificates and returns; have labored to unseat lawfully elected members of Congress, to secure at all hazards the vote of the majority of States in the House of Representatives; have endeavored to occupy by force and fraud places of trust given to others by the people of Maine, and rescued by the courage and action of Maine's patriotic sons; have by methods vicious in principle and tyrannical in practice, attached partisan legislation to appropriation bills; have crushed the rights of individuals, and vindicated the principles and sought the favor of rebellion against the nation, and have endeavored to obliterate the sacred memories of the war and to overcome its inestimable good results—freedom and individual equality. We affirm it to be the duty and purpose of the Republican party to use all the legitimate means of this Union to secure the perfect harmony which may be practicable, and we submit to the practical, sensible people of the United States to say whether it would not be dangerous to the best interests of our country at this time to surrender the administration of the national government to a party which seeks to overthrow the existing policy under which we are so prosperous, and thus bring destruction and confusion where there is now order, confidence and hope.

REPUBLICAN STATE PLATFORM.

RESOLVED. That the platform of principles adopted by the National Republican Convention, at Chicago June last, deserves and receives the approval and hearty endorsement of all the Republicans of Nevada.

RESOLVED. That the hordes of Chinese that are coming upon our shores to eat out our substance are destroying our country, impoverishing our mines, mining and laborers, debauching our youth, and making both men and women lower in the scale of humanity. This evil must and shall be stopped, and to this end we pledge the entire strength of the Republican party.

In the language of our great leader, we regard the immigration of Asiatics to the United States as little less than a servile invasion. Should the Commissioners now in negotiation with the Chinese Government fail to secure by the first of next January such modification of the Burlingame Treaty as will practically put an end to the influx of Chinese to this country, we demand that the treaty then be promptly annulled, and such laws enacted as will relieve us at once and forever of the Asiatic scourge now menacing the well-being of the Republic.

RESOLVED. That we most heartily endorse the general financial policy of the Republican party, which, in spite of every opposi-

tion on the part of the Democracy, has led to the resumption of specie payments, the raising of our national credit to a height never before known, and to the restoration of a national prosperity. But we also demand the complete restoration of silver coin to its former position by the side of gold; and for the purpose of attaining that end we hold it to be the duty of the General Government, through the authorization of Congress, to coin into standard dollars or other legal tender currency, at the cost of coinage, and for the benefit of the producer, the entire silver product of the country, relieving the mining interests from the loss attending the shipment to and sale of silver bullion in foreign markets.

As mining for the precious metals is the leading industry of Nevada, we are inexorably opposed to the bill reported by the Committee on Mines and Mining, and now before the House of Representatives, prohibiting the following of fissure veins or deposits beyond the vertical lines of surface boundaries; and we urge our Representatives in both Houses of Congress to continue their efforts for its defeat. Such a restriction would work disaster to the labor of the prospector, and seriously retard the development of the mineral riches of the West, and we cordially indorse the action of our Representative, the Hon. R. M. Daggett, in this behalf.

RESOLVED. That the Republican party aims it to be the right and duty of State and Territorial Legislatures to regulate and restrict the charges of railroads exclusively within their respective boundaries, and that it is no less the constitutional right than the positive duty of Congress to regulate the tariffs and restrict the charges of inter-State railroads.

RESOLVED. That while we congratulate the country on the successful resumption of specie payments, and the splendid financial condition of the Republic, we are in favor of restricting the issuance of National and State legal tender notes, to denominations of not less than \$5 dollars, thus creating an increased home demand, as a circulating medium, for the precious metals which our mines are annually yielding.

RESOLVED. That Gen. James A. Garfield and Chester A. Arthur, by their services to the country, by their devotion to principle, and by their unspotted reputation as men and as citizens, are deserving of the united and earnest support of all the loyal people of the United States for President and Vice President thereof. We rejoice in their nomination, and we pledge to them the electoral vote of Nevada at the ensuing election, by an overwhelming majority.

RESOLVED. That we are opposed to the so-called Drummer's License Law, and would recommend its repeal, or the reduction of the license to five dollars per month.

RESOLVED. That the Republicans of Washoe County favor a change in the office of United States Senator, and that our Representatives and Senators be instructed to vote and unit on all Senatorial questions, and endeavor to secure the election of a man whose home is in Nevada.

RESOLVED. That we pledge the Republican party to use every effort to reduce the expenses of our State government, and that we are opposed to the repeal of the County Salary Bill.

RESOLVED. That we are opposed to the so-called Drummer's License Law, and would recommend its repeal, or the reduction of the license to five dollars per month.

RESOLVED. That the Republicans of Washoe County extend a cordial invitation to capitalists to come here and build quartz mills, open mines, cut timber, ranches and lay railroads, and we promise equal and exact justice and fair dealing to all.

RESOLVED. That we are opposed to the so-called Drummer's License Law, and would recommend its repeal, or the reduction of the license to five dollars per month.

RESOLVED. That the Constitution of the State of Nevada be amended as follows:

Amend Section 2 of Article IV of the Constitution of the State of Nevada, so as to read as follows:

Sec. 2. The session of the Legislature shall be biennial, and shall commence on the first Monday of February next ensuing the election of the members of the Assembly, unless the Governor of the State shall, in the interim, convene the Legislature by proclamation. (Passed March 4, 1879.)

I hereby certify the foregoing to be a true copy of the enrolled resolution on file in my office.

In witness whereof, I have hereunto set my hand and affixed the Great Seal of the State. Done at office in Carson this second day of August A. D. one thousand eight hundred and eighty.

REPUBLICAN COUNTY PLATFORM.

RESOLVED. That we most heartily endorse the principles as enunciated by the National and State Republican Platforms.

RESOLVED. That we recognize in James A. Garfield and Chester A. Arthur, the Republican nominees for President and Vice President, pre-eminent worth and ability. Their past record, patriotic and serviceable, assurance of their fitness for the positions to which they have been nominated, and that they should and will have our earnest and united support.

RESOLVED. That in W. M. Daggett the Republican party has given to the people of Nevada an able and industrious Representative, and in Wm. H. Beatty an honest and fearless Judge, and we will endeavor by united work to insure their re-election.

RESOLVED. That the Republican party has encouraged and supported free and intelligent labor, and ever will endeavor to restrain the unrestricted immigration of Chinese to our shores, and to promote the happiness and well-being of the laboring classes of this nation, and fully recognize the well-evident fact that our national growth, greatness and prosperity are the results of free labor.

RESOLVED. That the principles of our government can only be upheld and perpetuated by a full, free and fair ballot, and that we care and protect the right of suffrage to every citizen. It is our duty to disown and condemn any violation or attempt at interference with this sacred right, and that every lawful measure should be invoked to secure this right to every citizen.

RESOLVED. That in view of the fact that the Republican party has ever been true to its trusts in the past, our national prosperity and welfare demand a continuation of its rule.

RESOLVED. That it is the first duty of every Republican to give his support only to men whom we are assured will guard and protect the interests of the people, and advance and promote the educational interests, and manufacturing, agricultural, mining and other industrial pursuits of our people.

RESOLVED. That the Republicans of Washoe County favor a change in the office of United States Senator, and that our Representatives and Senators be instructed to vote and unit on all Senatorial questions, and endeavor to secure the election of a man whose home is in Nevada.

RESOLVED. That we pledge the Republican party to use every effort to reduce the expenses of our State government, and that we are opposed to the repeal of the County Salaries.

RESOLVED. That we are opposed to the so-called Drummer's License Law, and would recommend its repeal, or the reduction of the license to five dollars per month.

RESOLVED. That the Republicans of Washoe County extend a cordial invitation to capitalists to come here and build quartz mills, open mines, cut timber, ranches and lay railroads, and we promise equal and exact justice and fair dealing to all.

Summons.

IN THE DISTRICT COURT OF THE SECOND JUDICIAL DISTRICT OF THE STATE OF NEVADA, in and for the County of Washoe.

The State of Nevada sends to George J.R. Hutchinson, Thomas M. Hutchinson, James Hutchinson and Louis Steiger, heirs at law of Nancy L. Wheat, deceased, and Louis Steiger, Administratrix, and W. H. Steiger, Administrator of the estate of Nancy L. Wheat, deceased, and W. H. Wheat, greeting:

You are hereby required to appear in an action commenced against you as defendants, by James A. Ferguson, as plaintiff, in the District Court of the Second Judicial District, in and for the County of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint.

Said action is brought to recover payment of a promissory note executed by Nancy L. Wheat in her lifetime, said note now being the property of plaintiff, for the sum of two hundred dollars, to C. W. Jones and S. E. Jones, dated Sept. 6th, 1878, and became due in six months from date, said note and money to draw two per cent interest per month from date of note until paid. That the said Nancy L. Wheat also executed to said parties a mortgage on the south half of Lot 5, Block F, in the town of Reno, County of Washoe, and State of Nevada, to secure the payment of said note. That there is now due and unpaid, as claimed in the complaint on said note the sum of two hundred and fifty-two and 68-100 dollars gold coin. A decree of foreclosure of said mortgage and an order to sell said real property is prayed against all the defendants to said action. And there is also an order prayed for in said complaint directing the payment of said sum of money due with interest thereon from the moneys realized from the sale of said property with costs and attorney's fee, as in said mortgage provided, in the sum of one hundred dollars, and should there be any remaining moneys arising from the sale of said property, that such remainder be paid into Court to await the order of the Court for reasons set out in the complaint and for general relief; all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court at Reno, in said County. And you are further notified that if you fail to appear and answer said complaint, the plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I, Mark Parish, have hereunto set my hand and caused the seal of said court to be affixed, this 27th day of July, A.D. 1880.

MARK PARISH,
Clerk of the District Court of the Second Judicial District, Nevada, in and for Washoe County.
